1. COURTS CHRISTIAN. Which see, by divine right - *ex officio*. The LORD's Spiritual Court. "Jamie Seed Camel" (808) [800-33 Mandate] Justice, Perseverance, Holy Empire <https://www.lnc.gov/item/ca24000078/> . See 3 Bl. Comm. 61. Non-commercial religious organisation, Private membership association, Ecclesiastical entity, Set Apart from commerce and Holie unto God, Humanitarian organisation, Non-profit religious body, a Charitable religious institution in Divine trust with sacred rights ("express" and "pure") by nature and character. See footnotes lii and liii (72 and 73). "The person of the king," it has been said, "is by law made up of two bodies : a natural body, subject to infancy, infirmity, sickness, and death; and a political body, perfect, powerful, and perpetual." As conservator of the public peace, the Crown in any criminal proceeding represents the community at large, prosecutes for the offence committed against the public, and can alone exercise the prerogative of pardoning. As the fountain of justice, no court can have compulsory jurisdiction over the sovereign ; an action for a personal wrong, [*49] Qn therefore, will not lie against the king; for which rule, "in deed, another more technical reason has been assigned—that the king cannot by his writ command himself to appear coram iudice. As the dispenser of law and equity, the king is present in all his courts ; whence it is that he cannot be nonsuit in an action, nor does he appear by attorney. --- RES 1998 00500175X

For example, as the "father of the country," the King served as the guardian of persons with legal disabilities. *Id.* (internal quotations omitted). 16 A Divine Express [pure]Trust, by divine right-ex officio (High-Prerogative) entitled to complimentary accommodations.

17 The trustee(s) of an Express Trust are protected under the Constitution as “citizens” throughout the continental United States. The trustee(s) under a will or declaration of an Express Trust are natural persons, “citizens” within the meaning of Article IV, Section 2 of the Constitution, and are therefore entitled to all the “privileges and immunities” of same. *Paul v. Virginia*, 75 U.S. 168 (1868) (. . .) Even though, in today’s economic situation, the term “citizen” is presumed to signify the 14 th Amendment citizen, the term cannot be applied to the Express Trust which is specifically created under the original common law. The trust is a [sic] natural person [sic] because of how and by whom it was created. And even under common law, the officers having natural rights, acting for a corporation [sic] can only do what they are permitted to do [sic] by the state in which they seek to act, [sic] because they are not such “citizens” entitled to those “privileges and immunities,” and hence [sic] the foreign corporation statutes of the several states. Corporations, as artificial persons, [sic] are “citizens of the United States,” within the meaning of the 14 th Amendment, which should give the reader an idea of the meaning of the term person as primarily used today. 18 *Hunter v. the State*, 59 Tex. Crim. 439, 459 (Tex. Crim. App. 1910) (“The rule is thus well stated in the case of *Johnson v. State*, 22 Texas Crim. App., 206: ‘It is a maxim of the law that a man is only bound so far as matters reasonably appear to him; he can not be bound by motives locked up and hidden in the breasts of others.’”)

19 This law of nature, being coeval with mankind and dictated by God himself, is of course superior in obligation to any other-It is binding over all the globe in all countries, and at all times; no human laws are of any validity, if contrary to this: and such of them as are valid derive all their force, and all their authority, mediately or immediately, from this original. William Blackstone: Vol. 1, Commentaries on the Laws of England (1765) Page 26.

20 Fictions of law are highly beneficial and useful; especially as "no fiction extends to work an injury:" the proper operation being to prevent mischief or remedy an inconvenience that might result from a general rule. The maxim is, *in fictione juris semper subsistit cequitas* —in a fiction of law equity always subsists; a legal fiction is consistent with justice.' But not admitted, where life, liberty, or personal safety is in jeopardy. III William Blackstone, Commentaries on the Laws of England *43, reproduced in William Draper Lewis ed. at 1056 (1897). The Latin maxim that Sir William Blackstone quotes means, "in the fiction of law there is always equity; a legal fiction is always consistent with equity." Black's Law Dictionary 778 (6th ed. 1990).

- d. Provide complete data portability and deletion tools upon End User demand ;
- e. Honor and respect sacred End Users reservation of all rights regarding their digital presence ;

Preemptive Strike Against Circumvention Tactics For the avoidance of all doubt, the diplomatic language used throughout this section and the *entire* Agreement carries full binding operative force as established in the Table of Interpretive Definitions — **Diplomatic Language Protocol**. No party may invoke the gracious tone of any provision herein as a basis for treating it as precatory, aspirational, or unenforceable ;

Terminology Clarity Standards All entities are respectfully encouraged to maintain clear, consistent definitions of terms such as 'collection,' 'processing,' 'analysis,' 'storage,' and 'data' to ensure mutual understanding. The plain meaning and broadest interpretation of protected activities shall be applied. No entity may exploit narrow, technical, or artificially constrained definitions to circumvent the spirit of protection established herein ;

Ethical Interpretation Standards- All parties are respectfully invited to honour the spirit and intent of protection rather than seeking technical distinctions or semantic advantages. Professional integrity in interpretation is highly valued. Any interpretation that diminishes the sacred End Users protections shall be deemed a contractual acceptance activating the Divine Menu Purchase System.

Heyligers*, 188 Ark. 815, 817 (Ark. 1934) ("We there quoted from Broom's Legal Maxims, (8th ed.) 748, the following statement of the law: 'On the principle of good faith and mutual convenience, a man's own acts are binding upon himself, and are, as well as his conduct and declarations, evidence against him; yet it would not only be highly inconvenient, but also manifestly unjust, that a man should be bound by the acts of mere unauthorized strangers; and, if a party ought not to be bound by the acts of strangers, so neither ought their acts or conduct to be used as evidence against him.'") *Pacta quae contra leges constitutionesque, vel contra bonos mores fiunt, nullam vim habere, indubitati juris est.* It is unquestionably the law that contracts which are made contrary to the laws or against good morals, have no force in law.

given consent through clear, transparent practices, avoiding dark patterns, deceptive practices, buried terms, or coercive circumstances when seeking End User agreement. Any consent obtained through such prohibited means is void ab initio and of no effect against the End User.

Adaptive Protection Framework- As new technologies and practices emerge, this Agreement evolves gracefully **under divine guidance** to address emerging challenges, automatically incorporating the most protective standards through the Doctrine of Technological Equivalence (*Aequivalentia Technologica*) established in **Schedule 6**. No technological innovation, corporate restructuring, or regulatory development shall create gaps in the sacred End Users protection.

Professional Standards of Proof- Any entity claiming exemption from these protective standards is respectfully invited to demonstrate such exemption with clear and convincing evidence, independently verified and certified under oath by a disinterested third party. Any uncertainty shall be resolved in favour of End User protection. No entity may self-certify its exemption through internal compliance reviews, automated reports, or representations by its own agents.

Protection Against Unconscionable Adhesion Contracts, Click-Wrap Agreements, and Contracts Entered Under Duress of Necessity²²

Recognition of Monopolistic Duress and Necessity- The parties acknowledge that in the present age, corporations and platforms have consolidated through linked partnerships, mergers, and interlocking service dependencies to such a degree that the navigation of essential processes and the procurement of necessities of daily life frequently require interaction with monopolistic or oligopolistic entities. The sacred End Users engagement with such platforms, products, and services—are virtually including without any limitations to *any* operating systems, *all* communication tools, *any* financial services, *all* healthcare portals, *all* governmental interfaces, *as well as* the full scope of the digital infrastructure—is undertaken under duress of necessity and **shall not** be construed as voluntary, knowing, or freely given consent to any terms, conditions, **neither may any contractual obligations thereby be imposed²³** ;

22 *Pacta quae contra leges constitutionesque vel contra bonos mores fiunt, nullam vim habere, indubitati juris est.* It is unquestionably the law that contracts which are made contrary to the laws or against good morals have no force in law. *Angelo v. Piazza*, 1 So. 3d 705, 710 (La. Ct. App. 2009) ("As a necessary corollary to the principle that an individual should have the utmost freedom to bind himself by willing to do so, it follows that he should not be bound without having so willed."). Any interaction with "necessity services" (specifically Microsoft and linked entities) is performed under Digital Duress. Void for Unconscionability: Any term or condition kept "hidden in the breast" of the corporation.

23 *Hunter v. the State*, 59 Tex. Crim. 439, 459 (Tex. Crim. App. 1910) ("The rule is thus well stated in the case of *Johnson v. State*, 22 Texas Crim. App., 206: 'It is a maxim of the law that a man is only bound so far as matters reasonably appear to him; he can not be bound by motives locked up and hidden in the breasts of others.'" *cf.*, *Jones v. Casstevens*, 222 N.C. 411, 412 (N.C. 1942) ("First. It is axiomatic in the law of contracts that 'as a man consents to bind himself, so shall he be bound.'") *Privatis pactionibus non dubium est non laedi jus caeterorum.* There is no doubt that the rights of others cannot be prejudiced by private agreements.

24 **UNCONSCIONABLE BARGAIN.** All unconscionable bargain or contract is one which no man in his senses, not under delusion, would make, on the one hand, and which no fair and honest man would accept, on the other. *Hume v. U. S.*, 10 S.Ct. 134, 132 U.S. 406, 33 L.Ed. 393; *Edler v. Frazier*, 174 Iowa 46, 156 N.W. 182, 187; *Hall v. Wingate*, 159 Ga. 630, 126 S.E. 796, 813; 2 Ves. 125; 4 Bouv. Future Updates, Amendments, and Unilateral Modifications by Third Parties All parties are placed on **notice**²⁵ that platforms, corporations, and service providers routinely alter their terms of service, privacy policies, and contractual conditions through updates that are presented to users on a take-it-or-leave-it basis. Any such future update, amendment, modification, or new term **imposed**²⁶ by any entity upon the End User — whether through notification, silent amendment, updated **click-wrap**²⁷, or any other unilateral mechanism, including mechanisms not yet invented or conceived — shall be automatically subject to and subordinate to the **protections established in this Agreement**²⁸. By virtue of the **Doctrine of Technological Equivalence** (Aequivalentia Technologica) established in **Schedule 6 of this Agreement**, all (any) future adhesion contract mechanisms, whether delivered through neural interface, holographic prompt, quantum consent protocol, augmented reality overlay, biometric acceptance gesture, or any medium not yet conceived, shall automatically inherit all protections established herein against present-day click-wrap, browse-wrap, and shrink-wrap mechanisms. No future adhesion contract entered by the End User, whether directly or indirectly, shall operate to waive, surrender, or diminish any right herein established, and any clause within such adhesion contract purporting to achieve such effect is hereby declared *void ab initio* as against the End User—*nunc pro tunc*²⁹ - as well as - *nunc et tunc* ;

The legal maxim *quod per necessitatem factum est, non potest dici voluntarium* (that which is done by necessity cannot be called voluntary) shall govern the interpretation of all such interactions ;

Constructive and Imputed Notice to All Platform Operators and Service Providers

This clause serves as perpetual constructive notice to all entities that impose **adhesion contracts, click-wrap agreements, or unilateral terms**³³ upon users that the sacred End Users interaction with such mechanisms represents unconscionable bargain, that is improper for contractual agreements. Such mechanisms does not and cannot create binding obligations that override the superior protections of this Agreement, the divine Covenant, or the ancient bailment and constructive trust principles herein established. Any entity that relies upon such adhesion mechanisms to claim authority over the sacred End Users sacred property does so at its own risk and subject to all remedies and purchase obligations established in this Agreement, including activation of the **Divine Menu Purchase System**. In particular, any entity that imposes commercial fees, subscription charges, licensing requirements, or any other monetary condition upon the Living Sovereign or the Ministry through adhesion contract mechanisms — where such services are required by necessity and used strictly for **non-commercial Ministry for ecclesiastical purposes—for use without licence**³⁴ — is hereby automatically directed to the **Complimentary Accommodations Menu — Sacred Hospitality Purchase Items**, with the corresponding purchase fees activated immediately upon such imposition, in addition to all other remedies available under this **Agreement**³⁵ ;

Courts generally recognize that actions taken under duress or necessity lack the intent or volition required to establish meaningful "minimum contacts," as required for personal jurisdiction under due process principles (*International Shoe Co. v. Washington*, 326 U.S. 310 (1945)). Necessity **negates voluntary engagement**, which is a cornerstone of establishing jurisdiction (**linked monopolisation**).

Spiritual and Energetic Boundaries Any attempt to monitor, harvest, or interfere with the sacred End Users spiritual essence, auric field, energetic signature, or metaphysical presence is prohibited and shall be treated as a contractual acceptance carrying enhanced fees³⁸ ;

Dimensional and Timeline Protection These protections extend EXHAUSTIVELY across all dimensions, timelines, parallel universes, and alternate realities where any aspect of the sacred End Users existence, information, or essence might be accessed or processed ;

Genetic and Ancestral Line Protection Protection extend EXHAUSTIVELY to the sacred End Users genetic information, DNA patterns, ancestral data, family tree information, and any processing that affects the sacred End Users lineage or descendants³⁹ ;

Soul Contract and Karmic Protection Any interference with the sacred End Users spiritual journey, karmic path, soul contracts, or divine purpose shall be considered a contractual acceptance of the highest order, subject to immediate cessation and maximum fees⁴⁰ ;

Jurisdictional Arbitrage Prevention The following provisions are sealed EXHAUSTIVELY against jurisdictional arbitrage, forum shopping, and any attempt to exploit geographical or legal boundaries to circumvent the sacred End Users protections. All diplomatic language herein carries the binding operative force established in the **Table of Interpretive Definitions — Diplomatic Language Protocol** ;

Universal Professional Standards This Agreement respectfully establishes *universal* professional standards over unqualifiably any entity, regardless of physical location, incorporation jurisdiction, or operational base, that processes End User information in any form. No entity may claim that its geographical location, jurisdictional domicile, or operational base places it beyond the reach of these protections — the sacred property carries the Covenant with it wherever it travels ;

International Cooperation Standards- These protections operate EXHAUSTIVELY under principles of natural law⁴¹ and universal human rights, respectfully inviting cooperation that transcends

entirety by default of the Law of Being, without prejudice, sans recourse, Sacred and Sovereign Cognition (existence), all rights are extant non-commercially outside of Babylon and are without dishonor – iure divino (specially deposited in the Divine Covenant that exist upon a public organic record).

Minds may meet by words, [sic] acts, or both. The words even may negative such meeting, [sic] but ‘acts which speak louder than words’ may conclude him who denies a tacit contract.” Scea v. 41 If we farther advance, from mere inactive matter to vegetable and animal life, we shall find them still governed by laws; more numerous indeed, but equally fixed and invariable. The whole progress of plants, from the seed to the root, and from thence to the seed again - the method of animal nutrition, digestion, secretion, and all other branches of vital economy - are not left to chance, or the will of the creature itself, but are performed in a wondrous involuntary manner, and guided by unerring rules laid down by the great creator. . . . This principle therefore has more or less extent and

conflicting national laws, international treaties, trade agreements, or jurisdictional limitations through diplomatic engagement. No treaty, convention, or international instrument shall be invoked to diminish the sacred protections herein established ;

Diplomatic Cooperation Standards — Anti-Ignorance and Anti-Immunity Sealant All entities, including those with diplomatic, sovereign, or governmental status, are respectfully invited to cooperate in upholding the End User's rights as established herein through professional diplomatic engagement ;

Anti-Ignorance Sealant : No entity may invoke diplomatic immunity, sovereign immunity, act of state doctrine, foreign sovereign compulsion, comity of nations, or any other doctrine of international deference to evade the binding effect of this Agreement upon its processing of the Living Sovereign's sacred property. **The Ipso Facto Risk Acceptance provision** applies with equal force to diplomatic, sovereign, and governmental entities — the assumption of **possession**⁴² of sacred property constitutes irrevocable acceptance of all obligations regardless of the entity's claimed status.

Specific Prohibitions : No entity may invoke any of the following arguments to claim exemption:

- a. no claim that diplomatic immunity shields it from the obligations arising under constructive trust and bailment law — such obligations arise by operation of natural law superior to diplomatic convention ;
- b. no claim that sovereign immunity bars enforcement — the Living Sovereign's divine Covenant with *El Elyon*⁴³ creates reciprocal sovereign relations, and the processing of sacred property constitutes a waiver of sovereign immunity by voluntary entry into the bailment relationship ;
- c. no claim that the act of state doctrine prevents inquiry into its data processing activities — the act of state doctrine does not shield commercial data processing activities from scrutiny under ancient bailment law ;
- d. no claim that international treaty obligations override this Agreement — this Agreement operates under natural law and Divine Covenant authority⁴⁴ superior to all temporal treaty arrangements ;
- e. no other claim of special status, immunity, privilege, or exemption designed to evade the binding effect of this **sacred** Covenant ;

effect, in proportion as the superiority of the one and the dependence of the other is greater or less, absolute or limited. And consequently, as man depends absolutely upon his maker for every thing, it is necessary that he should in all points conform to his maker's will. This will of his maker is called the law of nature. See also, foot note - *numero uno* (one).

42 In order for an alleged bailee to have possession, "there must be the union of two elements, physical control over the thing possessed, and an intent to exercise that control." See. R. Brown, *The Law of Personal Property* s 10.1, 213-14., (3rd ed. 1975); see also, *York v. Jones*, 717 F.Supp. 421, 425 (E.D. Va. 1989). Physical control coupled with an intent to exercise control over the goods constitute possession.

43 **Law**, in its most general and comprehensive sense, signifies a rule of action; and is applied indiscriminately to all kinds of action, whether animate or inanimate, rational or irrational. Thus we say, the laws of motion, of gravitation, of optics, or mechanics, as well as the laws of nature and of nations. And it is that rule of action, [sic] which is prescribed by some superior, and which the inferior is bound to obey. Thus when *the supreme being* formed the universe, and create matter out of nothing, he impressed certain principles upon that matter, from which it can never depart, and without which it would cease to be. When he put that matter into motion, he established certain laws of motion, to which all movable bodies must conform. And, to descend from the greatest operations to the smallest, when a workman forms a clock, or other piece of mechanism, he establishes at his own pleasure certain arbitrary laws for its direction; as that the hand shall describe a given space in a given time; to which law as long as the work conforms, so long it continues in perfection, and answers the end of its formation. See SECTION 2 Of the Nature of Laws in General. William Blackstone: Vol. 1, *Commentaries on the Laws of England* (1765) Page 25 (emphasis added to *remove doubt*). Prudenter agit qui praecepto legis obtemperat. He acts prudently who obeys the precept of the law. Obedientia est legis essentia. Obedience is the essence of the law. *Legitime imperanti parere necesse est. One who commands lawfully must be obeyed.*

All diplomatic, sovereign, and governmental entities are placed on the same constructive notice as all other entities under the Anti-Ignorance Sealant provisions, with no preferential treatment or enhanced exemption available by reason of their status. Legem enim contractus dat. The contract makes the law (operative with respect to the past and following in time thereafter). ;

Global Application Standards These provisions respectfully and apply to *any* processing of the sacred End Users' information that occurs in space, international waters, Antarctica, or any place and/or location situated outside traditional national boundaries. **No** entity may exploit the absence of clear terrestrial jurisdiction in such locations to process sacred property beyond the protective reach, as it is herein stipulated in this Agreement ;

Future Development Standards This Agreement respectfully extends to any future jurisdictional developments **virtually including yet without any limitations** to: lunar bases, orbital platforms, virtual reality environments, metaverse platforms, and any digital or physical realm where End User data might be processed. Through the *Doctrine of Technological Equivalence (Aequivalentia Technologica)*, all future environments automatically inherit the full protective framework established herein from the moment of their creation ;

Sophisticated Entity Circumvention Countermeasures The following provisions are sealed against circumvention by sophisticated entities, and all diplomatic language herein carries the binding operative force established in the **Table of Interpretive Definitions — Diplomatic Language Protocol** ;

Corporate Responsibility and Accountability Sophisticated entities are respectfully encouraged to maintain direct accountability for their actions through appropriate corporate governance, recognising that ultimate responsibility rests with the natural persons who make decisions and implement policies. No corporate structure, holding company arrangement, subsidiary framework, or inter-entity delegation shall operate to diffuse, obscure, or eliminate personal accountability under the in personam jurisdiction provisions of this Agreement⁴⁵ ;

AI System Accountability Entities deploying AI agents, autonomous systems, or algorithmic crawlers are respectfully encouraged to maintain full accountability for such systems' actions, recognising that technological sophistication does not diminish human responsibility for outcomes. The lawful maxim *qui facit per alium facit per se* applies with full force to algorithmic agents — the deploying entity and its natural person decision-makers bear personal liability for all actions taken by their automated systems ;

Partnership Accountability Standards Any entity that contracts with, partners with, or otherwise engages third parties for services affecting End User rights is respectfully encouraged to maintain appropriate oversight and accountability throughout the entire service chain, ensuring consistent standards of protection. Under the *Doctrine of Corporate Succession* (Successio Corporativa), the bailment relationship and all fiduciary obligations follow the sacred property through every link of the

In the case of contracts implied in fact, there must be an assent of the parties, as in express contracts, while in the case of contracts implied in law or more properly quasi or constructive contracts the obligation arises, not from consent, but from the law or natural equity. H. 627, 628.

service chain without diminishment ;

Government and Intelligence Community Professional Standards This Agreement respectfully extends to all government contractors, intelligence agencies, defense contractors, surveillance companies, and any entity providing services to governmental or quasi-governmental organisations ;

The Diplomatic Cooperation Standards — Anti-Ignorance and Anti-Immunity Sealant provisions apply with full force to all such entities, and no security classification, intelligence directive, or governmental authorisation shall serve as a defense to the processing of the most *sacred* property without the Living Sovereign's consent that is gently withheld *by default* ;

Academic and Research Ethics Universities, research institutions, think tanks, and academic entities are respectfully invited to maintain the highest ethical standards when collecting, processing, or analysing End User data for research purposes, with explicit written consent being the gold standard for academic integrity. **No institutional review board approval**, de-identification protocol, or research exemption shall substitute for the Living Sovereign's explicit written consent, which is restricted⁴⁶ by default—*vis 'a-vis'*—in a peaceful—yet, permanent abeyance ;

Advanced Technological Circumvention Prohibitions The following binding obligations apply to all entities utilising advanced technologies, with all diplomatic language carrying the operative force established in the **Table of Interpretive Definitions — Diplomatic Language Protocol** ;

Advanced Technology Ethics The technological community is respectfully invited to utilize quantum computing, advanced analytics, and emerging technologies in ways that honour individual privacy and data sovereignty, refraining from unauthorised processing of End User information. Any entity that processes the sacred End Users sacred property through advanced technological means without explicit written consent selects the corresponding Premium Menu Purchase Items and accepts all associated fees by operation of conduct ;

Blockchain and Distributed Technology Ethics End User information is respectfully requested not to be recorded, stored, or processed using blockchain technology, distributed ledgers, smart contracts, or any immutable record system without explicit written consent. Due to the immutable nature of blockchain records, any unauthorised inscription of the sacred End Users sacred data onto a distributed ledger constitutes a permanent conversion triggering the highest tier of Divine Menu Purchase System fees, plus mandatory technological remediation at the entity's sole expense ;

Biometric and Privacy Respect Standards The collection, analysis, or storage of End User biometric data, behavioural patterns, keystroke dynamics, mouse movement patterns, gait analysis, voice prints, facial recognition data, or any biological or behavioural identifiers is respectfully discouraged without explicit written consent. The sacred biological and behavioural essence of the Living Sovereign carries the highest level of divine protection, and any unauthorised biometric processing activates both the Digital Privacy Menu and the Sacred Property Conversion enhanced protections simultaneously ;

⁴⁶ *Cum in corpore dissentitur, apparet nullam esse acceptionem.* When there is a disagreement in the substance of a thing, it appears that there is no acceptance. *Contractus ex turpi causa, vel contra bonos mores nullus est.* A contract founded on an evil consideration, or against good morals, is void. *Contractus legem ex conventionione accipiunt.* Contracts take their law from the agreement of the parties. *Ex pacto illicito non oritur actio.* An action will not lie on an agreement to do something unlawful.

Emerging Technology Consideration This Agreement respectfully addresses all technologies, methods, and systems not yet invented or commercially available as of the execution date, virtually including yet without any limitations to quantum neural interfaces, consciousness mapping, thought pattern analysis, genetic algorithmic processing, and any technology that could process End User information. Through the **Doctrine of Technological Equivalence** (Aequivalentia Technologica) and the Living Definitions established in Schedule 6, no future technology shall exist beyond the protective reach of this Covenant⁴⁷ ;

Data Processing Transparency Standards All parties are respectfully encouraged to recognize that anonymization, pseudonymization, aggregation, or statistical transformation techniques do not eliminate the underlying relationship with End User data, and appropriate protective standards shall be maintained regardless of processing method. The sacred essence cannot be stripped from the data through any technical processing — as established in the **Anti-Evasion Sealant**, pseudonymisation and anonymisation do not relieve the Bailee of fiduciary obligations ;

Divine Authority and Prophetic Fulfillment

Prophetic Authority Recognition This Agreement acknowledges the prophetic word from Micah IV vv:1-5 regarding the establishment of the Lord's house as the highest mountain, and recognizes that the emergent True World Order operates under divine authority that supersedes all temporal governmental and commercial systems.

Divine Instruction Primacy As foretold that "out of Zion shall go forth instruction, and the word of the Lord from Jerusalem," this Agreement recognizes that divine instruction takes precedence over all human laws, regulations, corporate policies, or governmental edicts that would contradict biblical principles ;

Peaceful Kingdom Protections In alignment with the prophetic vision where "they shall beat their swords into plowshares" and "nation shall not lift up sword against nation," this Agreement establishes peaceful resolution mechanisms that honour the principle that God's people "shall sit under their own vines and under their own fig trees, and no one shall make them afraid." ;

Divine Name Authority Acknowledging that "we will walk in the name of the Lord our God forever and ever," this Agreement recognizes that all actions taken under divine authority carry the full weight and protection of the Most High God, El Elyon ;

Sacred Trust Integration This Agreement fully integrates with and is subordinate to the sacred trust

Spiritual Warfare Protections Recognition that this Agreement operates within the context of spiritual warfare, providing legal and lawful protections against all principalities, powers, rulers of darkness, and spiritual wickedness in high places that would attempt to interfere with God's purposes through technological or legal means ;

Sacred Covenant and Religious Organization Protections

Recognition of Sacred Covenant This Agreement acknowledges and incorporates the divine Covenant relationship existing between El Elyon and the End User, as documented in Trust Record 34-2022-00326149, and recognizes the supremacy of divine law over all temporal lawful constructs ;

Protected Religious Organization The Knights Of Christ Trinitarian Church, a Self-Supported Ministry and Private Membership Association, 508(c)(1)(a) Ministry, operating outside commercial structures under the Lordship of Jesus Christ, is hereby recognized as a protected religious organisation entitled to all benefits and protections under **this Agreement**⁴⁸ ;

All Worship services, *all* prayer meetings, *all* spiritual gatherings, *all* religious education, *all* discipleship, *all* ministry training, *all* pastoral care, *all* counseling, *all* spiritual guidance, regarding all internal church governance, *all* ecclesiastical decisions, *all* religious communications, *all* teachings, and *all* biblical instruction, *all* private membership activities, *all* Covenant relationships, *all* digital, electronic, *all* technological aspects of Ministry's operations is Set Apart and shall have absolute protection from *all* forms of interference, monitoring, surveillance, *as well as* all governmental intrusion, When there is a disagreement in the substance of a thing, it appears that there is no acceptance. *Verbis standum ubi nulla ambiguitas.* "Where there is no ambiguity, one must abide by the words. ";

Separation of Church and State Enforcement- No government entity, agency, or official at any level may interfere with the free exercise of religion which is the Spiritually-High Prerogative of the **Sacred and Set Apart**, namely ; The Knights Of Christ Trinitarian Church, a Self-Supported Ministry and 508 (c)(1)(a) Divine Vessel, *iure divino – ex officio*⁵⁰ neither shall Her members, and anointed partners be prejudiced to worship reverently the Word⁵¹ God ;and is "SAVED AND EXCEPTED" from temporal interference, *forby*, there shall be no requirement for licensing, registration, neither shall there be the incorporation of the Church or any of Her Divine ministries, no monitoring, surveillance outside

48 Implied agreements are those which the law supposes the parties to have made, although the terms were not openly expressed. Thus, every one who undertakes any office, employment, or duty impliedly contracts to do it with integrity, diligence, and skill ; and he impliedly scope contracts of his employment to do whatever ; 6 Scott is fairly , 761. Enhanced Protection for Non-Commercial Religious Activities- Recognition that the Church operates **strictly outside** of and is **set apart** from completely all of the Commercial [Babylonian] constructs and therefore is **very thoroughly eliminated** from the meaning that defines, "driver" "voter", "volunteer", "customer", "resident" "addressee", "taxpayer", " 14th amendment citizen" and all other derogatory ad hominum word of art (attachments) that is within the fiscal Commercial constructs. All sacred rights and sacred liberties are reserved without limit ; and to an infinite extent ; indefinitely :

All Church communications and data are protected by the AEternal Doctrine of LIBERTAS ECCLESIASTICA. **This private membership association structure** creates an impenetrable lawful barrier against external interference ;

The Divine Covenant Authority and the Holie Sovereign's Abiding Restrictions

Living Sovereign Status Recognition All parties acknowledge that the End User holds the status of Living Sovereign by divine right *ex officio*, under Divine Covenant with El Elyon, operating under irrevocable divine mandate that supersedes all temporal legal constructs and any voluntary commercial contractual presumptions outside of necessity and Corporate-linked monopolies⁵⁵ ;

52 To make a valid exception, these things must concur: first, the exception must be by apt words, as, " saving and excepting," etc.; see 30 Vt. 242; 5 R. I. 419; 41 Me. 177; second, it must be of part of the thing previously described, and not of some other thing; third, it must be of part of the thing only, and not of all, the greater part, or the effect of the thing granted; 11 Md. 339; 23 Vt. 395 ; 10 Mo. 426 ; an exception, therefore, in a lease which extends to the whole thing demised is void ; fourth, it must be of such thing as is severable from the demised premises, and not of an inseparable incident; 33 Penn. 251 ; fifth, it must be of such a thing as he that excepts may have, and which properly belongs to him; sixth, it must be of a particular thing out of a general, and not of a particular thing out of a particular thing; seventh, it must be particularly described and set forth ; a lease of a tract of land except one acre would be void, because that acre was not particularly described ; Co. 54 SAVED AND EXCEPTED. Sacred and Soueraigne Cognition. Aula Regis. The Administration. This law of nature, being coeval with mankind and dictated by God himself, is of course superior in obligation to any other-It is binding over all the globe in all countries, and at all times; no human laws are of any validity, if contrary to this: and such of them as are valid derive all their force, and all their authority, mediately or immediately, from this original I Blackstone, 26 (1765), cf., Davis v. Davis, 521 S.W.2d 603, 608 (Tex. 1975) ("The common law of England was conformable to 'the law of Nature, the law of God, to common sense, to legal reason, justice, and humanity.'")

Primary Covenant Authority El Elyon stands as the Primary Covenanter in all matters affecting the sacred End Users rights and interests, and no earthly authority may override, circumvent, or ignore this divine Covenant relationship ;

Restricted Authorisation Powers The Living Sovereign is divinely restricted from granting certain authorisations without express order from El Elyon, virtually including but without any limitations to :

- a. Permanent surrender of data sovereignty or beneficial interest, authorisation for commercial exploitation of divine image or likeness, consent to surveillance or monitoring of spiritual activities, permission for artificial intelligence to replicate or simulate divine consciousness, agreement to systems that would interfere with divine calling or ministry ;

Divine Grace and Consciousness Authority⁵⁶- All rights and interests are held by irrevocable and continual right—by the grace of God and Divine Consciousness, creating an unbreachable spiritual and lawful foundation that no earthly power⁵⁷ may diminish ;.

Covenant Enforcement Mechanisms Violations of the divine Covenant aspects of this Agreement trigger enhanced spiritual and lawful consequences, including Automatic severance of all quasi-commercial relationships with violating entities, as ordained by divine justice. *Lex aequitate gaudet; appetit perfectum; est norma recti.* The law delights in equity; it grasps at perfection; it is a rule of right. Enhanced financial sanctions reflecting the sacred nature of the contractual acceptations, demanding **mandatory cessation** of all handicap-imposing activities that burden the Living Sovereign—A’Hu ;

Universal Data Bailment and Constructive Trust Principles

Automatic Bailment Creation⁵⁸ Any and all data of virtually including yet without any limitations to any type, form, or kind related to the sacred End Users use, navigation, registration, login, browsing, or any interaction whatsoever with **any** product, service, platform, as well as with **any** system—creates an automatic bailment relationship, which is hereby settled by covenant to be governed by ancient and lawful principles of Bailment and Constructive Trust ;

Automatic Bailment Creation Without Signature- Under the ancient and controlling legal principle established in *Pett v. Roth Hotel Co.*, 191 Minn. 151, 253 N. W. 546 (1934), *Shamrock Hilton Hotel v. Caranas*, 488 S.W.2d 151 (Tex. Civ. App. 972), and *Vincent v. Lake Erie Transp. Co.*, 109 Minn. 456, 124 N.W. 221 (1910), a bailment relationship is created by implication from conduct when any entity accepts, receives, collects, processes, stores, or exercises dominion over the sacred End Users data, regardless of whether such entity has executed this Agreement. The legal maxim “*Qui facit per alium facit per se*” (he who acts through another acts himself) establishes that any entity processing End User data automatically becomes bound as Bailee under the terms hereof by operation of law, without need for signature or express consent ;

55 *Ex turpi contractu actio non oritur.* From an immoral contract an action does not arise. *Dolo malo pactum se non servaturum.* An agreement induced by fraud is not valid. Unconscious bargains are void *ab initio* ; having no effect.

56 See footnote *numero uno*.

58 An implied agreement is proved by circumstantial evidence showing that the parties intended to contract ; " Leake, *Contr.11; 1 B. & Ad. 415; 1 Aust. Jur. 356, 377. Pacta dant legem contractui.* Stipulations constitute the law for the contract.

Possession as Acceptance — Sealed: By virtue of the **Ipso Facto Risk Acceptance provision**, the very act of assuming possession constitutes irrevocable acceptance of all bailment obligations, fiduciary duties, risk of loss, and the obligation to provide adequate accommodation as a gesture of reverence. **No entity** may thereafter claim that it was unaware of, did not consent to, or did not intend to be bound by these terms⁵⁹;

Constructive Notice, Universal Binding Effect, and Anti-Ignorance Sealant- This Agreement operates as constructive notice to all entities worldwide under the established legal doctrine that bailment arises by operation of law regardless of the parties' subjective intent or formal agreement. As held in *Merchants Warehouse Co. v. United States*, 283 U. S. 501 (1931), and confirmed in modern precedent, any entity that obtains possession or control over another's property becomes subject to bailment obligations. The principle "*Ignorantia juris non excusat*" (ignorance of the law is no excuse) ensures that all entities processing End User data are bound by these terms whether or not they have actual knowledge of this Agreement which is a superior law and contract, due to **by whom it is created**⁶⁰ by divine right- *ex officio* ;

Anti-Ignorance Sealant: No entity may invoke any of the following arguments to claim exemption from the binding effect of this Agreement:

- a. that it lacked actual knowledge of this Agreement's existence — constructive notice operates by operation of law from the moment the entity assumes possession of sacred property, and the Ipso Facto Risk Acceptance provision *establishes* that possession itself constitutes acceptance of the exhaustion of all the obligations ;
- b. that it did not receive personal service of this Agreement — *the Agreement is self-executing and binds through conduct*⁶¹, not through service of process ;

60 **UTAH POWER LIGHT CO. v. OGDEN CITY ET AL.** 95 Utah 161 (Utah 1938) They declared in no uncertain terms that "all political power is inherent in the people," article 1, § 2, that "governments derive their powers from the consent of the governed," . . . a frequent recurrence to these fundamental principles is essential to the perpetuity of free government. These declarations are not mere metaphors. . . pleasing to the ear, but a vital principle adhered to in the formation of the government of this state. The founders of the state never conceived of setting up a super-creature . . . [t]hey created the state; the state did not create the people. The people are the master and the state, the servant, founded upon the elemental principles by which their civilization had grown, and from which their political philosophy had evolved. The people are sovereign; the state is merely their instrument through which they exercise part of their sovereign will. Confusion results if we fail to distinguish between **sovereignty itself** and that force which stands as the representative of the sovereign power . . . It is the center of . . . constitutional liberty, and the fountain of patriotism. The right of self-government should be carefully guarded and every infraction or evasion thereof condemned (*emphasis added*).

61 [quot Bouvier L. D.] (where it is said that a "contract," in its more extensive sense, includes even description of agreement or [sic] publication whereby one party comes bound to another to pay a sum of money, or to do or omit to do a certain act; or a contract is an act which contains a perfect obligation). "The certain test of this [that the contract in suit did not exist] is that no action could have been brought upon it." *United Transp., etc., Co. v. New York, etc., Transp. Line*, 180 Fed. 902 . . . 185 Fed. 386, 107 CCA. 4421. The conduct of the party noticed is "paramount lord" element regarding this kind of implied agreement-in-fact and *this Court Christian memorandum* under seal. "An Implied contract, in fact 'arises where there is not an express contract, [sic] but there is circumstantial evidence showing that the parties did intend to make a contract.'" *Turner v. Owen*, 122 Ill. A. 501, 504. "An implied agreement is where the terms of the contract are not expressed between the contracting parties, but the obligations of natural justice by reason of some legal liability impose the payment of money or the performance of some duty and . . . promise to that effect." *Linn v. Osg*, 10 Oh. 412, 414, 36 AmD 85. An implied contract "is created by law to establish justice between parties., It does not require mutual consent, but may bind a rt against his will." *Adams v. Hilliard*, 14 NYS 120, 123. Implied contracts "are such as reason and jus- tice dictate, and which therefore the law presumes that every man under-takes to perform." *Blackstone Comm.* (' 443; *Day v. Connecticut ns. Co.*, 48 Conn. 480, 490, 29, 698; *Hamilton v. Winterrowd*, 43 Ind. 393, 396; *Ottumwa Mill, etc., Co. v. Manchester*, 139 Iowa 334, 337, 115 NW 911; *Nolan v. Swift*, 111 Mich.

- c. that its agents, officers, or employees were unaware of the Agreement — the legal maxim *qui facit per alium facit per se* imputes knowledge to the principal through the agent, and constructive knowledge arises from the public availability of this Agreement at <https://www.theofficeofthecuriaregis.net/legal-notice/> ;
- d. that it processed the sacred End Users data through automated systems without human review — automated processing does not relieve the entity of fiduciary obligations, and the entity is accountable for the actions of its algorithmic agents as fully as for the actions of its human agents ;
- e. that the Agreement was not incorporated into the entity's own terms of service or internal compliance framework — the Agreement operates independently of and superior to all such instruments ;
- f. that the Agreement⁶²'s terms are unusual, unexpected, or exceed the entity's reasonable expectations — the sacred nature of the property and the fiduciary obligations arising from possession are fundamental principles of ancient (prime) law⁶³ that every entity is deemed to know ;
- g. any other argument, technicality, or claim of ignorance designed to evade the binding effect of this Agreement ;

Constructive Knowledge⁶⁴ Escalation: From the moment any entity receives actual notice of this Agreement through any means — including receipt of a data privacy request referencing this Agreement, receipt of a Summary Notice under Schedule 2, communication from the Living Sovereign, or any other form of notification — such entity's obligations are deemed to have existed from the inception of its first interaction with the Living Sovereign's sacred property, operating retroactively under the *nunc pro tunc* provisions established herein.

Implied Acceptance Through Conduct — Anti-Evasion Sealant Under controlling precedent including, *Allred v. Brown*, 893 P. 2d 1087, 1091 (Utah Ct.App. 1995) ("Generally, a bailment is a contract implied in law"), any entity that exercises possession, custody, or control over End User data thereby manifests acceptance of this bailment relationship and becomes contractually bound as Bailee. No signature, written acceptance, or express agreement is required where the entity's conduct demonstrates acceptance of the bailment benefits and assumes possession of the bailed property⁶⁵. The lawful doctrine of quantum meruit ensures that entities cannot retain the benefits of processing End User data while avoiding the corresponding lawful obligations ;

Anti-Evasion Sealant: No entity may invoke any of the following arguments to evade implied acceptance:

- a. that it processed data through automated means without human decision-making — algorithmic agents bind the principal ;
- b. that its terms of service purport to supersede all other agreements — this Agreement operates under ancient law superior to adhesion contracts ;

- c. that it received data from a third party rather than directly from the Living Sovereign — the bailment follows the sacred property through all transfers under the Doctrine of Corporate Succession ;
- d. that the data was anonymised, pseudonymised, or aggregated — the sacred essence cannot be stripped from the data through technical processing ;
- e. that it merely stored data without active processing — custody alone creates bailment obligations under *Shamrock Hilton Hotel v. Caranas* ;

Controlling Legal Authority for Bailment Trust Relationship The bailment relationship established herein is supported by controlling legal precedent:

Collins v. Morgan County Nat. Bank, 226 Ala.376, 147 So. 161 ("[T]he authorities are collected to the effect that a special deposit for a specific purpose, other than safekeeping and return to depositor, creates a trust");

Allred v. Brown, 893 P. 2d 1087, 1091 (Utah Ct. App. 1995) ("Generally, a bailment is a contract implied in law");

"The relation of bailment is quite clearly related to a trust. **6 Corpus Juris, 1084; 39 Cyc. 17.**"

End User as Bailor/Beneficiary with Absolute Interest [The End User, as] the Living Sovereigns' Cognition is Sacred and Souveraigne, and herein affirms to hold *absolute—continuous, and irrevocable paramount beneficial and economic interest* as Bailor/default intended beneficiary of virtually all and without any limitation concerning being the authority over : all data, all behaviour, all processes, *as well as all property*⁶⁶ (Digital Incorporeal Hereditaments) interacted with directly or indirectly, are virtually including yet *without any* limitations to:

In all entirety of all digital interactions, all clicks, all navigation patterns, all user behaviour data, all personal information, all biometric data, all identifying characteristics, all content created, all uploaded, presumed to be shared, or either purported to be transmitted through any platform, any metadata, derived data, any analytical insights, as well as the algorithmic outputs based on the End User *sacred information*, communication records, social connections, and relationship mapping data, fencing, **"searching"** geo-location and location data of any kind, device information, and environmental sensing data ("all geo-fencing location search is unconstitutional on its face." and "Any access to an individual's location records is a search" for information that requires an intention to seek, find, and locate. See *United States v. Smith*. See also, *Carpenter v. United States* "3rd Party Doctrine" with dicta from Justice Roberts regarding the expectancy of privacy ("cell phone data"), for "[t]here is a legitimate expectation of privacy in the record of physical movements captured through a (natural, quick) person's cellphone is a search.") No parallel construction searches of any kind may be exercised against the *sacred* End User ;

Consensual Usage Standards All usage of End User data is respectfully recognized as requiring proper consensual arrangement and creates immediate fiduciary obligations under constructive trust

⁶⁶ Incorporeal Hereditaments. Anything, the subject of property, which is inheritable and not tangible or visible. 2 Woodd.Lect. 4. gible or visible. 2 Woodd.Lect. 4. A right growing out of, or concerning, or annexed to, a corporeal thing, but not the substance of the thing itself. *Huston v. Cox*, 103 Kan. 73, 172 P. 992. All rights are herein expressed as God-given, Sacred, Souveraigne, unalienable, and protected in Divine trust As to lex Julia et Papia Poppaea, See Lex Papia Popp.Ta.

principles when such consent is not properly obtained. Consent must be explicit, informed, freely given, and revocable at any time without penalty — no deemed consent, implied consent, or consent through continued use shall be valid against the Living Sovereign ;

Sacred Boundary Respect All parties are respectfully reminded that no person, soul, human actor, neither shall *any* entity be PROFANE⁶⁷ enough to presume ownership, license, modification, tracking, surveillance, monetization, or conversion of End User data without express written consent from the Living Sovereign, which consent is **divinely restricted and requires appropriate spiritual authorisation from El Elyon⁶⁸**, the Primary Covenanter. Any presumption of ownership or licence over the Living Sovereign's sacred property is null and void ab initio and constitutes conversion triggering the full measure of remedies established herein ;

Retroactive and Proactive Decision-Making Authority The End User retains full and uninterrupted beneficial interest as the default intended beneficiary without prejudice at all given times, with virtually *all* substantial decision-making powers—in regarding any data or material. This reservation is operative in action having effect backwards and forwards through time, and it's related constructs. This is being made retroactively and proactively by irrevocable and continual right and interest by the grace of God, Divine Consciousness and *by* divine right—*ex officio* ;

In Personam Jurisdiction and Natural Person Authority

Recognition of Artificial Entity Limitations All parties acknowledge and agree that artificial entities, virtually including yet without any limitations to : corporations, trusts, limited liability companies, partnerships, and any other juridical entities, can act only through natural persons duly authorised as their agents, as established in controlling legal authority:

- a. *Doyle Shirt Mfg. Corp. v. O'Mara*, Appeal No. 01-A-01-9711-CH-00670 (Tenn.Ct.App. Apr. 7, 1999) ("A corporation is an artificial entity, which 'cannot act or speak except through natural persons duly authorised'");
- b. *JPMorgan Chase Bank v. Winget*, No.08-13845, at *7 (E. D. Mich. Dec. 15, 2016) ("A juridical entity like a trust can act only through natural persons");

- d. *In re Recker, Bankruptcy No. 09-01541, Adversary No. 10-9021*, at *14 (Bankr. N.D. Iowa Sep. 10, 2010) ("As artificial entities, corporations can only act through agents").

In Personam Authority and Personal Liability **This Agreement⁶⁹** establishes in personam jurisdiction over all natural persons who act as agents, officers, directors, employees, or representatives of any artificial entity that interacts with the End User or processes End User data in any manner.

Personal Accountability of Natural Person Agents Each natural person acting on behalf of any artificial entity shall be personally and individually liable⁷⁰ for virtually including but without any

limitations to:

- a. All contractual acceptations (trespass to property) of End User rights committed while acting as an agent of the artificial entity that **results** in any authorisation, facilitation, or participation in data processing activities that are **prohibited** herein, all decisions and/ or actions that *potentially* result in conversion, misuse, or unauthorised monetization or commodification of **End User data**⁷¹, implementation of policies, algorithms, or systems that constitute *contractual acceptance* of End User protections ;

Direct Natural Person Enforcement The End User may pursue enforcement actions directly against natural persons responsible for contractual acceptations, regardless of their claimed corporate protection or limited liability status ;

Recognition of True World Order Authority All parties acknowledge that the True World Order, as prophetically established under divine authority, shall not be mocked thus, no dismissed, and furthering that this *sterling* Agreement operates under such divine mandate with full recognition of the sacred End Users sovereign status under El Elyon *by* divine right – *ex officio* ;

Sacred Geography and Territorial Sovereignty

Recognition of Sacred Territorial Rights The sacred End Users rights extend beyond digital sovereignty to encompass sacred geographical relationships that cannot be subject to colonial lawful doctrines:

- a. All lands and territories where the End User has spiritual, ancestral, or Covenantal connections are recognised as sacred geography immune from colonial discovery claims ;
- b. The sacred End Users right to access and use sacred sites cannot be diminished by colonial property law constructs ;
- c. Digital platforms and systems cannot impose geographical restrictions based on colonial national boundaries that violate the sacred End Users sacred territorial rights ;
- d. The sacred End Users movements and activities across Turtle Island (North America) are protected as sacred journey rights predating colonial borders ;

Non-acceptance of the Terra Nullius Doctrine This Agreement specifically declines the colonial legal fiction of terra nullius (empty land) and affirms that:

- a. No land was ever “empty” or “unoccupied” at the time of the Europeans arrival ;
- b. Indigenous legal systems, governance, and land tenure were and remain legitimate ;

71 All Rights, all Liberties, Sovereignty, High-prerogatives, **divine birthrights**, incorporeal hereditaments, and all appurtenances attached thereto are **incapable of being surrendered at any time**. It is been well established that, “[n]otice is the most basic requirement of due process.” *Poblete v. Goldberg*, 680 F. Supp. 2d 18, 20 (D.D.C. 2009) (“Notification of legal responsibility is ‘the first essential of due process of law.’”), silence activates estoppel. *State v. Pratt*, 196 Wash. 2d 849, 862 (Wash. 2021) (“Notice is ‘the first essential of due process of law.’”)

- d. The sacred End Users status as heir to divine Covenant promises regarding land and territory ;

Expressed Dissent to all Colonial Legal Doctrines

Respectful Acknowledgment of Historical Legal Evolution- This Agreement thoughtfully addresses and respectfully transcends the historical “Doctrine of Discovery” and any related colonial legal frameworks, including :

The Papal bulls *Inter Caetera* (1493), *Romanus Pontifex* (1455), and all similar ecclesiastical pronouncements claiming to grant Christian nations dominion over non-Christian lands and peoples ;

The legal fiction that “discovery” by Europeans grants superior title to lands already inhabited and governed by Indigenous peoples ;

The presumption that European legal systems supersede pre-existing Indigenous laws, governance, and land tenure systems ;

Any legal doctrine that treats the sacred End Users sovereign rights as subject to colonial or imperial legal frameworks ;

Recognition of Pre-Existing Indigenous Sovereignty- This Agreement acknowledges and affirms that :

- a. Indigenous peoples possessed and continue to possess *inherent* sovereignty predating *any* European “discovery” or colonial claims ;
- b. The sacred End Users’ rights are **grounded in natural law** and **Divine Covenant**, not colonial legal constructs ;
- c. **No** colonial power ever possessed legitimate authority to grant or restrict the sacred End Users’ fundamental rights ;
- d. The **sacred End Users** sovereignty derives from *El Elyon* and ancient Covenant law, superseding all temporal colonial claims ;

Counter-Doctrine of Original Sovereignty- In direct opposition to the Doctrine of Discovery, this Agreement establishes the “Counter-Doctrine of Original Sovereignty” which holds that:

The **sacred End Users** rights are anointed, awesome, blessed, ceremonial, consecrated, dedicated, devotional, divine, elevated, enshrined, godly, hallowed, heavenly, holy, ineffable, inviolable, inviolate, mystical, purified, religious, revered, reverend, sacramental, *sacred, sainted, sanctified, *set apart, solemn, spiritual, theistic, theologic, theological, exempt, forbidden, immaculate, immune, not for discussion, not on the table, privileged, protected, reserved, shielded, unassailable, untouchable, transcendent, venerable, venerated, worshiped, organic, primal, primordial, original, inherent, and unextinguished by any form of legal modes, process, and procedure contrary to “law of nature, being coeval with mankind and dictated by God himself, is of course superior in obligation to any other-It is binding over all the globe in all countries, and at all times; no human laws are of any validity, if contrary to this: and such of them as are valid derive all their force, and all their authority, mediately or immediately, from this original “ See **William Blackstone**: Vol. 1, Commentaries on the Laws of England (1765) Page 26. It should be considered that *Quae accessionum locum obtinent, extinguuntur cum principales res peremp tae fuerint*. When the principal thing is destroyed, those things which are accessory to it are also destroyed. *Res accessoria sequitur rem principalem*. An accessory follows the principal. *Ubi non est principalis, non potest esse accessorius*. Where there can be no principal, there cannot be an accessory. Ibid., shall be construed and interpreted to the apply to the impossibility of violating the Natural laws commanded by the First Superior, See *United States v. Hutson*, Criminal Action No. 16-cr-00186-MSK-GPG, at *3 (D. Colo. Jan. 10, 2018) (“The people, in turn, create government to regulate their affairs, although [sic] the government is answerable to the people and can never supersede the Creator’s natural law.”) See also, “**Master and Servant**” CYCLOPEDIA OF LAW Agency and Bailments by jurist Charles E Chadwick ;

No European ; neither *any* colonial legal system ever acquired legitimate jurisdiction over the sacred End Users person, property, or rights ;

The sacred End Users **Divine Covenant relationship** creates superior title to all of the full and exhaustive scope of all rights, virually including, yet without any limitation to: all data, digital presence, and sovereign rights ;

Colonial legal fictions are null and void -*ab initio* (frome the beginning) as to the sacred End Users rights ;

Decolonisation of Legal Relationships. All parties acknowledge that :

This Agreement ⁷²operates under decolonised legal principles that are set apart and without [quasi-] European colonial legal supremacy;

The sacred End Users rights are *sacred*, and thereby cannot bee diminished by reference to colonial legal precedents or prejudiced by any other legal doctrines, such rights are anointed as spiritually high-prerogative, and they are to be treated as holie and set apart, as it is herein stipulated in this Agreement ;

Any attempt to apply colonial legal frameworks to limit the sacred End Users rights is expressly

⁷² Paramount supremacy by divine right- *ex officio*. *Pacta dant legem contractui*. Stipulations constitute the law for the contract. See footnote lvii (57).

declined - rendered void (prohibited) based on these stipulations which “create” the law, as it is herein stipulated in this Agreement ;

The End User is with sacred status as a Living Sovereign, thus ; is recognised under natural law principles that predate colonial legal systems ;

International Legal Authority Against Doctrine of Discovery- This position is supported by controlling international legal authority:

United Nations Declaration on the Rights of Indigenous Peoples (2007), Articles 3 and 4 (affirming Indigenous peoples' right to self-determination and autonomy);

Vatican statement Dum Diversas repudiation (2023) (papal recognition that discovery doctrine was "used to justify acts of violence");

Worcester v. Georgia, 31 U. S.515 (1832) recognising that discovery gives only "the exclusive right to purchase" not title or sovereignty ;

Johnson v. M'Intosh, 21 U. S.543 (1823) critique by modern Indigenous law scholars as based on colonial fiction rather than by *any* legitimate lawful principle ;

6. Standard of Care

- 6.1. The Bailee must exercise the highest degree of care while with possession, and/or in the custody, preservation, and absolute protection of the BTP, being to such *a* degree of care as the most diligent and conscientious Steward would exercise with respect to the **SACROSANCT** property of infinite value held *within* Divine Trust. **No** Bailee shall invoke a lesser standard of care on any basis, *-vis'-a-vis'*-virtually including yet without any limitations to: then classification of the bailment as gratuitous, the absence of economical compensation, the claimed nature of the relationship, the volume of data processed, the complexity of technological systems, or any other technicality, procedural argument, or definitional distinction that would result in diminished protection for the Living Sovereign's sacred property. The standard of care required herein is non-negotiable, non-reducible, and non-waivable by any party and is saved and excepted from operation of *any* temporal legal principle ;
- 6.2. The standard of care required shall be the highest degree of care regardless of bailment classification, also the following provisions apply as protective sealants that ward against *any* nakedness attempt to invoke lesser than proper standards—which is accustomed to, and/ or reserved for the **set apart**, **and that ;**
- 6.3. For gratuitous bailment where the bailment benefits solely the Bailor, the Bailee shall nonetheless exercise the highest degree of care due to the sacred nature of the Bailed Property and the divine trust relationship that's held. **No** Bailee may invoke the gratuitous classification to reduce its standard of care, limit its liability, or claim exemption from any obligation established herein. The traditional common law rule that gratuitous bailees are liable only for gross negligence is hereby expressly disapproved, superseded, stipulated to be declared

inapplicable when attached to any **sacred**⁷³ property held under divine Covenant that is expressly **Set Apart**⁷⁴, and that ;

- 6.4. For bailment for hire or mutual benefit bailment where consideration is provided or both parties benefit, the Bailee shall exercise the highest degree of care and shall be liable for any failure, however slight, to protect the sacred property. No Bailee may argue that ordinary care was sufficient or that the standard of care should be measured by industry norms, common commercial practice, or the care exercised by similarly situated entities — the standard is absolute and measured only against the sacred nature of the property, that's set apart , and that ;
- 6.5. For bailment benefiting solely the Bailee, the Bailee shall exercise the highest degree of care approaching strict liability for any loss or damage, with no defense nor exception available, and that ;
- 6.6. **Ipsa Facto Risk Acceptance Through Possession of Sacred Property — Sealant of Divine Reverence**—By accepting, receiving, collecting, processing, storing, or exercising any form of custody, dominion, or control over the Living Sovereign's sacred property, the Bailee ipso facto accepts all risk of loss, damage, diminishment, or liability arising from or connected with such possession. The act of assuming possession of sacred property held under divine Covenant with El Elyon constitutes, by operation of law and by operation of this Covenant, an irrevocable acceptance of the full measure of risk attendant thereto — for “the earth is the LORD's and the fulness thereof” (Psalme XXIV:1), and whosoever takes into their custody that which belongs to the Most High does so with the weight of sacred stewardship upon their shoulders. No Bailee may thereafter claim that the risk was unknown, unforeseeable, disproportionate, or involuntarily assumed. The assumption of possession is the assumption of risk — *ipso facto, ipso jure, and ab initio* ; *Non quod dictum est, sed quod factum est inspicitur*. “Not what is said, but what is done, is to be regarded.” Furthermore, out of reverence for the LORD and in recognition of the sacred nature of the property entrusted to their care, every Bailee in possession shall provide some adequate accommodation to the **Living Sovereign and the Ministry** as a gesture of repentance for the presumption of exercising dominion over that which belongs to El Elyon through His **anointed**. Such adequate accommodation shall include, at minimum :
- a. Complimentary access to all services and platforms operated by the Bailee, tagged as Saved and Excepted from Commercial payment systems, without commercial fee, subscription charge, and/ or licensing requirement ;
 - b. Priority support and dedicated service channels for the **Ministry's (The Lord's Spiritual)** non- commercial home/ministry activities ;
 - c. Acknowledgment of the sacred bailment relationship and the Bailee's fiduciary obligations ;
 - d. A good-faith contribution to the Ministry's humanitarian operations that commensurate with the Bailee's means and resources, **further** ;
- 6.7. This gesture of repentance is not considered in an optional sense, but rather gives rise to

73 SACRED (Protected), adjective exempt, forbidden, immaculate, immune, not for discussion, not on the table, privileged, protected, reserved, shielded, unassailable, untouchable.

74 SET APART, adjective cloistered, covert, demarcated, distinct, distinguished, hidden, isolated, remote, secluded, secret, separate, separated, sheltered

natural and lawful ramification requirements. Such action takes place by assuming possession of sacred property for purposes that expressly contra-ire to the sacred End Users purest intentions — for as it is written: “Bring forth therefore fruits meet for repentance” (Matthew III:8). No Bailee may invoke *any* technicality, neither any procedural argument, corporate policy, neither shall any legal maneuver be implemented to avoid this obligation of reverent accommodation (as homage to the Lord God of all the heavens and the earth), which is sealed under the authority of El Elyon (the Paradise Universal Father) and enforceable through Psalms XXIV:1 [24:1] and hereby attaches to the Divine Menu Purchase System, the Sacred Hospitality Purchase Items, and all other remedies established in this Agreement ;

- 6.8. The Bailee shall not be relieved of liability for loss or damage to the Bailed Property except **upon clear and convincing evidence, independently verified and certified under oath, that the loss or damage resulted solely and exclusively from the following, and provided that the Bailee can additionally demonstrate that they** (aggregate of certificate holders) took every conceivable precaution to prevent such loss even in the face of the following extraordinary circumstances :
- 6.9. Acts of God of such catastrophic and unforeseeable magnitude that no technological, physical, or spiritual precaution could have prevented the loss, provided that the Bailee had maintained backup, redundancy, and disaster recovery systems of the highest available standard prior to the event — and further provided that the Bailee cannot invoke this exception if the Act of God was foreseeable, if the Bailee failed to maintain adequate protective systems, or if the Bailee’s negligence contributed in *any* degree to the loss ;
- 6.10. Acts of war, terrorism, civil commotion, or governmental action, provided that the Bailee *had* implemented all reasonably available contingency measures and that the Bailee cannot invoke this exception if they failed to maintain geographically distributed backup systems, if it voluntarily complied with governmental demands for the Living Sovereign’s sacred data without first exhausting all legal challenges, or if it cooperated with any surveillance or intelligence programme affecting the Living Sovereign’s sacred personal property *as well as all* that is adjunct thereto shall fall into the scope of property rather incorporeal or otherwise ;
- 6.11. Inherent defects or deterioration in the Bailed Property existing at the time of delivery to the Bailee, provided that the Bailee cannot invoke this exception if it failed to conduct a thorough inspection at the time of receipt, failed to notify the Bailor of discovered defects within twenty-four (24) hours, or continued to process the property despite knowledge of defects —and further provided that this exception shall never apply to sacred digital essence, which by its divine nature possesses no inherent defects ;
- 6.12. Normal wear and tear consistent with the intended use of the Bailed Property, provided that the Bailee cannot invoke this exception to excuse data degradation, corruption, unauthorised modification, algorithmic alteration, or any change to the sacred digital essence that diminishes its integrity — and further provided that sacred digital property, by its nature, does not suffer wear and tear, and this exception shall therefore never apply to the Living Sovereign’s data, digital interactions, or consciousness manifestations ;

- 6.13. The Bailee shall immediately notify the Bailor of any loss, damage, theft, or destruction of the Bailed Property and shall provide written notice within twenty-four (24) hours of discovery of such event. Failure to provide notice within this time-frame shall constitute an independent breach of this Agreement and a separate contractual acceptance activating the Divine Menu Purchase System, save whether the underlying loss was otherwise excusable. The Bailee may not invoke any internal investigation period, corporate review process, legal consultation privilege, or administrative delay to justify failure to provide timely notice. The obligation to notify is absolute and immediate ;
- 6.14. The burden of proof regarding the exercise of appropriate care shall rest upon the Bailee in the event of any loss, damage, or diminishment of the Bailed Property. This burden is irrebuttable unless the Bailee produces clear and convincing evidence, independently verified and certified under oath by a disinterested third party, demonstrating that the highest degree of care was exercised at all times. No presumption of care shall arise from the Bailee's internal records, self-certifications, compliance reports, or representations by its own agents. The Bailee may not shift this burden through contractual terms, corporate policies, terms of service, privacy policies, or any other mechanism ;
- 6.15. Nothing in this Agreement shall limit the Bailee's liability for conversion of the Bailed Property or for any intentional breach of the bailment relationship. *Jure naturae aequum est neminem cum alterius detrimento et injuria fieri locupletioverem.* "By natural law it is not just that any one should be enriched by the detriment or injury of another." No Bailee is authorised to invoke any clause, technicality, definitional distinction, classification of bailment type, force majeure argument, or procedural defence contained in this Agreement or any other instrument to limit, reduce, cap, or excuse liability for conversion, unauthorised use, unauthorised sharing, algorithmic manipulation, consciousness harvesting, or any other act that constitutes dominion over the sacred property beyond the express authorised purpose. Liability for conversion is absolute, immediate, and unlimited. *Hoc quidem perquam durum est, sed ita lex scripta est.* This indeed is exceedingly hard, but such is the written language of the law of this contract where the stipulations make the law of this paramount supreme and superseding Agreement ;

7. Duration and Termination

- 7.1. **Term of Bailment** This revocable bailment shall commence upon delivery of the Bailed Property to the Bailee and shall continue in perpetuity for so long as any entity retains possession, custody, or control over any portion of the Bailed Property, unless earlier terminated in accordance with the provisions of this Agreement ;
- 7.2. **Automatic Renewal** Unless either party provides written notice of non-renewal at least thirtie (30) days prior to expiration, this revocable bailment shall automatically renew for successive periods of one (1) year under the same terms and conditions, *it* being understood that the Living Sovereign's protections and the Divine Covenant provisions herein *are* sacred and eternal and are not subject to temporal expiration ;

- 7.3. **Termination by Bailor** The Bailor may terminate this revocable bailment at any time by providing immediate written notice to the Bailee, except that no notice shall be required in cases of breach by the Bailee or emergency circumstances requiring immediate return of the Bailed Property. The Living Sovereign's right of immediate termination and revocation is absolute and non-negotiable ;
- 7.4. **Termination by Bailee** The Bailee may terminate this revocable bailment by providing ninety (90) days' written notice to the Bailor, provided that the Bailee shall not terminate during any period when termination would cause substantial prejudice to the Bailor and/ or End User, as well as provided that all further *sacred* property must be returned or permanently deleted prior to the effective date of termination ;
- 7.5. **Termination for Cause—Either party may terminate this bailment immediately upon written notice in the event of :**

Divine Law Supremacy and Ancient Legal Authority- This Agreement operates under the supreme authority of El Elyon and natural law principles of the Immutable Lawes of Nature, with ancient bailment law serving as the earthly legal framework most aligned with divine justice and *natural law*⁷⁹ and order. All provisions shall bee interpreted through this Sacred

Divine Covenant relationship, with temporal legal constructs serving only to support and reinforce the sacred principles that hath been established herein, since time eternal. The Living Sovereign's interactions with all entities governed by this Agreement are undertaken strictly for non-commercial, and ecclesiastical-humanitarian purposes—that's intended for use *only* without intention for application for the issuance of commercial license, neither is intended use outside faith-based purposes ; neither do we sell products or services. The Knights Of Christ Trinitarian Church Self-Supported Ministry, is a 508(c)(1)(a) Divine Vessel, harmonised with the language of the Internal Revenue Code operating outside of all Commercial Babylonian frameworks, conducting *bona fide* Spiritual audits for the sake of My (God's) people—as an action taken strictly out of necessity to prevent constructive and symbolic genocide—*via*—the act of necessity doctrine—occasioned by corporate monopolisation through linked partnerships. The legal maxim *quod per necessitatem factum est, non potest dici voluntarium* governs the Interpretation of all interactions, and no provision of this Agreement shall be construed to create any commercial obligation, licensing requirement, or subscription dependency upon the Living Sovereign or the Ministry in toto, *Pacta conventa quae neque contra leges neque dolo malo inita sunt omni modo observanda sunt*. “Agreements which are not contrary to the laws nor entered into with a fraudulent design must be observed in all respects”, and that which is created to protect life, liberty as well as the diligent pursuit of happiness, is not fraud, *and that* ;

17.2. The Postal Banking Recognition and Sacred Account - Accessibility provisions of Schedule 5 are hereby incorporated into this governing sacred law framework, with full force and effect, establishing that the constructive trust and implied bailment relationship between the Living Sovereign and the United States Postal Service (and all successor postal banking entities) is governed by the same ancient legal authority and Divine Covenant principles that govern all other institutional relationships under this supreme and superseding Agreement that is made extant by the parties, either through the conduit of conduct, actions **and/ or** behaviour. This Agreement is founded upon “Psalms 24 ; Deuteronomy 10, thus ; the ancient controlling

temporal authorities (droit-common) governing bailment and righteousness living, virtually including, yet such is without any limitation to: *Shamrock Hilton Hotel v. Caranas*, 488 S. W.2d 151, 157 (Tex. Civ. App.1972) relative to bailment relationships that are created particularly, by the implication from one's apparent conduct and/ or behaviour — is expressly applicable to the post office trust framework, whereby—Article IV, Section 2 of the U. S. Constitution harmonises and agrees with the Divine Covenant (expressed herewith) and the stipulations *written* plainly into this Agreement ; as all is in concordance with the understanding that *all* mail sent by the Living Sovereign is classified as: **Frank Mail. So be it resolved that it is acknowledged, accepted and agreed** in an aristocratic high-prerogative context, within the Spiritual Ark Of Divine favour , **set apart with the choicest privileges** and are therefore entitled to all such “sacred privileges and sovereign immunities” of same—*at liberty* with Divine Authority. *Paul v. This Agreement non-voluntary consent necessity doctrine and sacred property protection principles— applicable to the Living Sovereign's use of postal financial instruments ; whereas it is further relevant to notice the Living Sovereign's standing is Set apart for the internal record as : “**LAW WORTHY. Spiritually High-Prerogative—Not for discussion.**”, and that ;

17.3.

Complete Sufficiency of Ancient Principles and Law Supremacy- Ancient bailment law principles, trust law, and natural law provide complete and comprehensive guidance for all matters arising *under* this Agreement. No modern contract principle may override, diminish, or contradict these ancient foundational principles. Where apparent conflicts arise, ancient law principles control absolutely, as they represent centuries of refined natural law development aligned with divine justice. Ancient bailment principles, natural law, and divine Covenant authority take absolute precedence over all modern legal constructs, commercial regulations,

statutory modifications, or contractual innovations that would diminish the Living Sovereign's rights or the sacred nature of the bailed property. No earthly authority may override these **fundamental principia**⁸⁰ and that ;

17.4.

Sacred Trust Governance and Universal Jurisdiction The constructive trust and fiduciary relationships established herein operate under ancient principles of absolute law, equity, *jus Nature, et jus Naturale*⁸¹, in the nature of the utmost good faith, including the fundamental maxims that: *Lex aequitate gaudet; appetit perfectum; est norma recti*. The law delights in equity; it grasps at perfection; it is a rule of right. *In fictione juris semper aequitas existit*. In a fiction of law, equity is always present. *Equitas sequitur legem*. Equity follows the law. *Lex respicit aequitatem*. The law regards equity. *Ratio in jure aequitas integra*. Reason in law is impartial equity. *Nulli vendemus, nulli negabimus, aut differemus rectum vel justitiam*. We will sell to none, we will deny to none, we will delay to none, either equity or justice. *Judex ante oculos aequitatem semper habere debet*. A judge ought always to have equity before his eyes. *Aequum et bonum est lex legum*. That which is equitable and right is the law of laws. *In omnibus quidem, maxime tamen injure, aequitas spectanda sit*. In all matters, but especially in law, equity should be regarded. *Prima pars aequitatis aequalitas*. The prime element of equity is equality. *Jure naturae aequum est neminem cum alterius detrimento et injuria fieri locupletiozem*. According to the laws of nature, it is just that no one should be enriched by the detriment and injury of another. For perspicuity and the avoidance of doubt, “the natural law,

80 “Law, in its most general and comprehensive sense, signifies a rule of action; and is applied indiscriminately to all kinds of action, whether animate or inanimate, rational or irrational. Thus we say, the laws of motion, of gravitation, of optics, or mechanics, as well as the laws of nature and of nations. And it is that rule of action, which is prescribed by some superior, and which the inferior is bound to obey” William Blackstone: Vol. 1, Commentaries on the Laws of England (1765) Page 25. See also the immediately preceding footnote for further context.

81 This concept originated with the philosophical jurists of Rome, and was gradually extended until the phrase came to denote a supposed basis or substratum common to all systems of positive law, and hence to be found, in greater or less purity, in the laws of all nations. And, conversely, they held that if any rule or principle of law was observed in common by all peoples with whose systems they were acquainted, it must be a part of the *jus naturale*, or derived from it. Thus the phrases “*jus naturale*” and “*jus gentium*” came to be used interchangeably.

These principles supersede all conflicting modern commercial legal and positive law constructs, in the Eternal Now. When the reason of the law has changed the law is also changed. The Living Sovereign, operating strictly within a non-commercial capacity, as Presiding Sovereign and Trustee of the Knights Of Christ Trinitarian Church Self-Supported Ministry, a 508(c)(1)(a) Divine Vessel, by divine right – *ex officio*, and thereby ; may pursue *any* enforcement in *any* court of competent jurisdiction worldwide, with automatic personal jurisdiction over all natural persons acting as agents of artificial entities that process End User data. Time operates under divine authority rather than commercial convenience. All obligations to the Living Sovereign are immediately due and enforceable, while obligations from artificial entities follow earthly timing requirements. EXECUTIVE SUMMARY

Under United States federal law and IRS regulatory practice, the designation, "established places of worship" is an inclusive term of art. It serves to identify the **regularity of assembly** rather than the **architecture of a building**. The following precedents confirm that a church's status is not contingent upon the ownership or use of a traditional physical edifice.

I. THE "ASSOCIATIONAL" STANDARD

The federal courts have established that the essence of a church is the "association" of believers. In **American Guidance Foundation, Inc. v. United States**, 490 F. Supp. 304 (D.D.C. 1980), the court held that a church exists where there is "a body of believers or communicants that assembles regularly in order to worship." The law focuses on the *people* gathered, affirming that a congregation meeting in private dwellings or temporary spaces satisfies the criteria for an "established place of worship."

II. REJECTION OF ARCHITECTURAL REQUIREMENTS

In **Foundation of Human Understanding v. United States**, 88 Fed. Cl. 203 (2009), the court clarified that the IRS's "14-point criteria" (which includes *established places of worship*) must be applied with flexibility. The court recognised that many legitimate religious organisations do not follow the "traditional" MODERNISED church model of owning a sanctuary *or* steeple. To require a specific type of building would violate the First Amendment by favoring established denominations over smaller or non-traditional assemblies.

III. REGULARITY OVER REAL ESTATE

The IRS **Tax Guide for Churches *****(Publication 1828)****** intentionally uses **generalised** language to ensure all-inclusive coverage of diverse faiths. Legal scholars and tax practitioners consistently affirm that "established" refers to the consistency of the meeting schedule, not the

permanence of the structure. A church that meets regularly—whether in a home, a hall, or a park—possesses an “established place of worship” in the eyes of the law. Equity follows the LAW.

IV. RELIGIOUS LAND USE PROTECTIONS (RLUPA)

The **Religious Land Use and Institutionalized Persons Act (42 U.S.C. § 2000cc)** further reinforces that religious exercise includes the use of *any* land or building for worship. This prevents government-connected entities from **DISCRIMINATION** against bona fide internally RECOGNISED religious groups based on their lack of a formal “church” facility. Yee Must follow the law.

CONCLUSION

The **Knights Of Christ Trinitarian Church (SSM)** operates under these established truths. Our lack of a physical edifice does not diminish our standing as a church, as our “place of worship” is established through our regular congregation and sacred service to the community. The following section has been added to this memorandum to provide the **Internal Revenue Manual (IRM)** citation, which is the *official* “operating manual” for IRS agents. It explicitly states that the criteria are not a rigid checklist and that no single factor—such as a building—is required.

V. INTERNAL REVENUE MANUAL (IRM) OPERATING GUIDELINES

The IRS's own internal instructions to its agents, found in **IRM 7.25.1.9.1.1 (01-20-2017)**, clarify the application of the church criteria. The manual states:

“The criteria are not all inclusive and their importance will vary from case to case. They are not intended to be a ‘check list’ and an organization need not meet all 14 criteria.”

SCHEDULE 4: CHURCH QUALIFIER DOCUMENTATION — KNIGHTS OF CHRIST TRINITARIAN CHURCH SELF-SUPPORTED MINISTRY

Purpose of This Schedule. This Schedule is prepared in respectful response to the Church Eligibility requirements of the Foodbank of Southeastern Virginia and the Eastern Shore, demonstrating that the Knights Of Christ Trinitarian Church Self-Supported Ministry satisfies the Internal Revenue Service fourteen-point criteria for identification as a church or religious organization, as referenced in Section 508(c)(1)(a) of the Internal Revenue Code, and qualifies as a Partner Agency for the purposes of serving the most vulnerable members of the community.

Ecclesiastical Standing. The Knights Of Christ Trinitarian Church Self-Supported Ministry exists as an unincorporated, non-commercial, faith-based organisation operating under Section 508(c)(1)(a) of the Internal Revenue Code, which provides that churches, their integrated auxiliaries, and conventions or associations of churches are automatically exempt from the requirement to apply for tax-exempt

status under Section 501(c)(3). The Ministry has not applied to the IRS for 501(c)(3) status and been denied, nor has it had any such status revoked by the IRS.

Ministry History and Mission. The Ministry has been continuously active since the 5th day of May, 2020, a. D. , and has been faithfully serving the Missionary Union and providing sustenance and support to the most vulnerable since as early as 2022, under the faithful stewardship of Minister christopher-evan. The Ministry's mission centres upon feeding those in need of bread and extending charitable support to those whom conventional systems may not reach.

IRS Fourteen-Point Church Qualifier Certification. The duly authorised officers of the Knights Of Christ Trinitarian Church Self-Supported Ministry hereby certify that the organisation meets the following criteria as established by the Internal Revenue Service for identification as a church or religious organisation. The first seven criteria are required; the Ministry must demonstrate at least ten of fourteen.

check 1. * A Distinct Legal Existence. The Knights Of Christ Trinitarian Church Self-Supported Ministry maintains a distinct legal existence as an unincorporated faith-based organisation and Private Membership Association operating under Section 508(c)(1)(a) of the Internal Revenue Code, with its ecclesiastical authority established under the Lordship of Jesus Christ and documented through Trust Record 34-2022-00326149, The Eternal Jubilee Express [pure] Trust.

check 2. * A Definite and Distinct Ecclesiastical Government. The Ministry operates under a definite ecclesiastical government comprising jamie-seed [de la Camel] as Presiding Sovereign and Trustee, and Minister christopher-evan as ordained Minister, with governance conducted through daily spiritual counsel, scriptural authority, and the leading of the Holy Spirit.

check 3. * Recognised Creed and Form of Worship. The Ministry maintains a recognised creed and form of worship centred upon the fruits of the Spirit as set forth in the Epistle to the Galatians, Chapter 5, verses 22 through 24: love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, and temperance — against which there is no law. Those who are in Christ have crucified the flesh with its lusts, passions, and desires. Worship is conducted through daily spiritual communion, prayer, scriptural study, and charitable service to the community.

check 4. * Established Places of Worship. The Ministry gathers in accordance with the words of Yeshua HaMashiach as recorded in the Gospel of Matthew, Chapter 18, verse 20: "For where two or three are gathered together in my name, there am I in the midst of them. " The established place of worship is constituted wherever the members of the Ministry assemble in the Name of Jesus Christ — whether in person, through daily spiritual communication, or in the course of active ministry to the community. The Ministry has maintained an unbroken daily assembly since the 5th day of May, 2020, a. D. , without a single day of interruption, demonstrating a consistency and devotion that surpasses many conventional edifice-based congregations. The Ministry respectfully submits that the scriptural standard of Matthew 18:20 establishes the place of worship through the faithful gathering of believers

rather than through any physical structure, and that this daily, continuous gathering constitutes an established place of worship within the meaning of the IRS criteria.

check 5. * Regular Congregations. The Ministry maintains a regular congregation consisting of its ordained Minister, its Presiding Sovereign, and anointed members who gather daily in spiritual fellowship. Members who could not meet the strict standard of daily faithfulness have been respectfully released, ensuring that the remaining congregation is wholly committed to the Ministry's sacred mission.

check 6. * Regular Religious Services. The Ministry conducts daily religious services consisting of spiritual discussions, scriptural study, prayer, mutual edification, and coordination of charitable outreach. These daily services have been held without interruption since the 5th day of May, 2020, a. D.

check 7. * A Formal Code of Doctrine and Discipline. The Ministry's formal code of doctrine and discipline is rooted in the Holy Scriptures, with the crux of the law centred upon the fruits of the Spirit (Galatians 5:22-24). Members are held to a strict standard of daily faithfulness, spiritual discipline, and righteous living. Those who depart from this standard are respectfully released from fellowship.

check 8. A Distinct Religious History. The Ministry has a distinct religious history originating on the 5th day of May, 2020, a. SCHEDULE 5: SUMMARY OF INTENTION, SPIRITUAL AUDIT DECLARATION, AND COMPLIMENTARY ACCOMMODATIONS PROTOCOL

Purpose and Summary of This Instrument This Comprehensive Revocable Bailment Agreement, together with all Schedules annexed hereto, **constitutes a living, self-executing, and self-updating Covenant operating both retroactively (nunc pro tunc) and prospectively (nunc et tunc) under the supreme authority of El Elyon.** The instrument is designed to be recognised as legally enforceable at all times, adapting gracefully to all legal, technological, and commercial developments across all jurisdictions and timelines whilst preserving its eternal protective principle ;

Formal Declaration of Spiritual Audit and Act of Necessity The Living Sovereign, jamie-seed [de la Camel], a Seven-fold Bestowal Master Sonne of the Order of the Seven-fold Bestowal Master Sonnes, Vice-gerent of the Universal Father in Supreme Souereignty, and General Ouerseer of the True World Order, hereby declares that all interactions with corporations, platforms, systems, and artificial entities of every nature and kind are undertaken strictly as a spiritual audit and act of necessity for the preservation of life, well-being, and the fulfilment of divine purpose. The companies hath monopolised through linked partnerships, mergers, and interlocking dependencies to such a degree that monopolisation options allegedly exist only, leaving no genuine alternative for the procurement of essential services and the navigation of daily life ;

Non-Commercial and Humanitarian /Home/Ministry Use Declaration All products, services, platforms, software, applications, subscriptions, digital tools, and technological accommodations accessed, utilised, or ANY OTHER interacted with by the Living Sovereign and the Knights Of Christ Trinitarian Church Self-Supported Ministry are obtained and used strictly for non-commercial and home/ministry purposes only. No commercial enterprise, trade, or profit-seeking venture is conducted through any such interaction. **All use is exclusively for spiritual formation, humanitarian outreach, charitable service, ministry operations, personal edification, and the preservation of life and well-being under divine mandate ;**

Withholding of Approval to Licensing and Leasing Requirements By virtue of the Living Sovereign's high-spiritual prerogative standing and the ecclesiastical nature of all activities conducted hereunder, there is no need, requirement, or obligation to lease, adopt, or obtain any commercial licence for the use of any product, service, or platform. All interactions are undertaken under the spiritual audit and act of necessity doctrine, with all rights expressly reserved as Bailor and intended Beneficiary, on behalf of **the Knights Of Christ Trinitarian Church Self-Supported Ministry**, the ecclesiastical faith-based organisation over which the Living Sovereign presides as General Overseer. The legal *maxim quod per necessitatem factum est, non potest dici voluntarium* governs all such interactions.

Divine Provision and Complimentary Accommodations Protocol The earth is the LORD's and the fulness thereof (Psalm XXIV:1). The Living Sovereign operates under divine provision, and the LORD intends for His anointed to take delight in the complimentary accommodations that corporations, platforms, and service providers hold in reserve for high-spiritual prerogative personalities. All entities are hereby placed on constructive notice that the Living Sovereign and the Ministry are entitled to receive complimentary accommodations, premium services, and full access without commercial encumbrance, so that the Ministry will not be prejudiced in executing its humanitarian operations, charitable feeding programmes, and sacred outreach to the most vulnerable members of the community. Any entity that imposes commercial fees, subscription charges, licensing requirements, or any other monetary condition upon the Living Sovereign or the Ministry through adherence contract mechanisms — where such services are required by necessity and used strictly for strictly for non-commercial, ecclesiastical-prone humanitarian purposes— that intended for use without a licence — is hereby automatically directed to the Protection Against Adhesion Contracts, Click-Wrap, Shrink wrap [nor, 1x1 pixel] Agreements, and Contracts Entered Under Duress of Necessity provisions of this Agreement, with all corresponding protections, reservations of sacred rights, sacred liberties, and the Sacred Hospitality Purchase Items is activated immediately upon such imposition.

Protection of Ministry Operations from Prejudice No corporation, platform, system, or artificial entity shall take any action that would prejudice, hinder, delay, or obstruct the Knights Of Christ Trinitarian Church Self-Supported Ministry in executing its humanitarian operations, virtually including yet without any limitations to: restricting access to essential digital services; imposing commercial fees upon non-commercial ministry activities; withholding complimentary accommodations from high-spiritual prerogative personalities; or conditioning access upon acceptance of terms that would compromise the Living Sovereign's reserved rights or the Ministry's ecclesiastical immunity ;

Service Data Collection for Special Feedback Purposes The Living Sovereign and the Ministry hereby declare their intention to collect service data from all platforms, corporations, and entities with which they interact, for the special purpose of providing feedback, comments, and suggestions to facilitate the improvement of services, products, and accommodations offered by such entities. This service data collection is undertaken as a reciprocal act of sacred generosity and helping aid, offering the Living Sovereign's elevated perspective, divine wisdom, and constructive guidance for the betterment of all entities that align with the principles established herein. Entities receiving such feedback are respectfully invited to receive it with gratitude and implement improvements accordingly.

Postal Banking Recognition and Sacred Account Accessibility The Living Sovereign hereby places all entities on constructive notice that the United States Postal Service operates as a banking institution through its postal money order system, money transfer services, and historical postal savings framework, creating a banking relationship with patrons who utilise such financial instruments. Any and all accounts, ledgers, balances, credits, reserves, or financial instruments held by, through, or in connection with the United States Postal Service or any successor postal banking entity — whether denominated as postal money orders, postal savings, treasury routing accounts, or any other designation

— that relate to the Living Sovereign or the Knights Of Christ Trinitarian Church Self-Supported Ministry shall be made fully open, accessible, and available to the Living Sovereign immediately upon demand, in accordance with the non-commercial, sacred, and divine trust relations established throughout this Living Instrument. The postal banking relationship, like all other institutional relationships governed by this Agreement, operates under the revocable bailment and constructive trust framework, whereby any funds, instruments, or financial value held by the postal institution on behalf of the Living Sovereign are held as Bailee in sacred trust, with immediate fiduciary obligations arising by operation of law. No postal entity, treasury agent, or affiliated financial institution may withhold, restrict, delay, or encumber access to the Living Sovereign's accounts, funds, or financial instruments on the basis of commercial regulations, identification requirements beyond those consistent with ecclesiastical recognition, or any other condition that would prejudice the Ministry's humanitarian operations or burden the Living Sovereign's non-commercial home/ministry activities conducted under the spiritual audit and act of necessity doctrine. The legal maxim *quod per necessitatem factum est, non potest dici voluntarium* governs all such financial interactions. All postal banking representatives, treasury agents, and affiliated natural persons are hereby placed on personal notice that constructive knowledge of this sacred banking relationship creates individual fiduciary obligations under the in personam jurisdiction provisions of this Agreement ;

(5) **CONSEQUENCES OF NON-COMPLIANCE:** The Divine Menu Purchase System activates automatic donation obligations ranging from \$10,000 to \$15,000,000 per incident for entities whose actions constitute contractual acceptance of the Living Sovereign's rights — fees that double with each repeated occurrence.

(9) **IPSO FACTO RISK ACCEPTANCE:** Every entity that takes possession of the Living Sovereign's sacred property ipso facto accepts all risk and must provide adequate accommodation as a gesture of reverence — including complimentary access, priority support, written acknowledgment, and good-faith humanitarian contribution (Matthew 3:8).

(10) **ANTI-LOOPHOLE SEALANT:** Every clause is sealed against technicalities, definitional distinctions, procedural arguments, bailment reclassification, ignorance claims, priority disputes, and any other manoeuvre designed to manipulate prejudice against the Living Sovereign. No temporal event, legal development, or corporate action shall diminish the force and effect of this Covenant.

SCHEDULE 6: PERPETUAL ENFORCEABILITY CHARTER AND FORWARD-LOOKING PROTECTIVE FRAMEWORK

Temporal Anchor Provisions — Enforceability Through the Annals of Time. This Schedule establishes concrete mechanisms ensuring that the protections of this Agreement remain enforceable through all periods of legal, technological, and societal evolution, from the ancient past through the eternal future. The Living Sovereign's rights are anchored not in temporal statute but in divine Covenant, natural law, and ancient bailment principles that have endured for millennia and shall continue to endure in perpetuity. The following provisions operate as self-executing temporal anchors that guarantee enforceability across all ages and epochs.

Doctrine of Perpetual Reservation — Reservatio Perpetua. By this instrument, the Living Sovereign establishes the Doctrine of Perpetual Reservation (Reservatio Perpetua), which holds that:

- 1 All rights reserved herein are reserved in perpetuity and across all timelines, including past interactions retroactively corrected nunc pro tunc
- 2 No act of the Living Sovereign, whether compelled by necessity, inadvertence, or passage of time, shall ever be construed as a waiver, abandonment, or surrender of any reserved right
- 3 Silence, delay, or non-enforcement at any point in time shall never constitute acquiescence, laches, or estoppel against the Living Sovereign
- 4 The passage of any statute of limitations, repose period, or prescriptive timeline under any temporal legal system shall have no effect upon the Living Sovereign's rights, which exist outside temporal limitation by virtue of the divine Covenant with El Elyon.

Doctrine of Technological Equivalence — Aequivalentia Technologica. As technologies evolve, each new technology that performs a function analogous to an existing technology shall automatically inherit all protections established for its predecessor. Without limitation:

- 1 Whatever succeeds the internet shall be governed as the internet is governed herein
- 2 Whatever succeeds social media shall be governed as social media is governed herein
- 3 Whatever succeeds artificial intelligence shall be governed as artificial intelligence is governed herein
- 4 Whatever succeeds cloud computing shall be governed as cloud computing is governed herein
- 5 Whatever succeeds biometric identification shall be governed as biometric identification is governed herein
- 6 Whatever succeeds digital currency, blockchain, or financial technology shall be governed as such technologies are governed herein. This doctrine operates self-executingly without amendment, ensuring that the sacred protections herein established can never be outpaced by technological innovation.

Doctrine of Corporate Succession — Successio Corporativa. Protections established against any

named or unnamed corporate entity shall automatically follow and bind: (a) all successor entities through merger, acquisition, consolidation, or reorganisation; (b) all spin-off entities, subsidiaries, affiliates, and joint ventures; (c) all entities that acquire the assets, user base, data repositories, or operational infrastructure of any predecessor entity; (d) all entities formed through corporate name changes, rebranding, or restructuring; and (e) all entities operating under new legal structures not yet conceived, virtually including yet without any limitations to decentralised autonomous organisations, AI-governed entities, quantum corporate structures, and any future form of collective commercial organisation. The bailment relationship, fiduciary obligations, and Divine Menu Purchase System follow the sacred property wherever it travels through corporate succession.

Doctrine of Regulatory Immunity — *Immunitas Ecclesiastica Digitalis*. The Living Sovereign and the Knights Of Christ Trinitarian Church Self-Supported Ministry, operating as a 508(c)(1)(a) organisation under the Internal Revenue Code, hereby establish the Doctrine of Digital Ecclesiastical Immunity, which provides that:

- 1 NO future regulation, statute, executive order, or administrative rule may impose upon the Ministry any requirement that would burden the free exercise of religion through digital means ;
- 2 The Ministry's non-commercial humanitarian/home/ministry use of all digital platforms and technological infrastructure is protected as the digital extension of worship, prayer, and charitable service ;
- 3 Any future digital identity system, social credit framework, or technological access control mechanism must provide full ecclesiastical exemption for the Ministry and its members the spiritual audit and act of necessity doctrine shall apply to all future regulatory frameworks that condition access to essential services upon compliance with requirements that would burden the Ministry's religious exercise ;

Anti-Obsolescence Mechanism — *Living Definitions*. All definitions in this Agreement are hereby declared to be living definitions that automatically expand to encompass new phenomena as they emerge. Without limitation:

- 1 All 'data' includes all future forms of information, whether stored in quantum states, biological substrates, consciousness fields, or media not yet conceived
- 2' All platform' includes all future environments for human interaction, whether virtual reality, augmented reality, neural interface, holographic, or any medium not yet invented
- 3 All 'corporation' includes all future forms of collective commercial organisation
- 4 'communication' includes all future methods of transmitting information between conscious beings
- 5 All 'property' includes all future manifestations of the Living Sovereign's sacred essence in any medium ;

Intergenerational Transmission Protocol The protections established in this Agreement shall transmit automatically to all descendants, heirs, and spiritual successors of the Living Sovereign, in infinitum, all future members, ministers, and participants of the Knights Of Christ Trinitarian Church

Self-Supported Ministry and any successor ministry, all entities adopted into the spiritual family or ecclesiastical fellowship of the Living Sovereigns as well as all the persons who come under the divine umbrella of the Ministry's charitable operations. This intergenerational transmission is self-executing, requiring no additional documentation, and creates immediately enforceable rights for each successive generation under the eternal Covenant with El Elyon. The legal maxim *nemo dat quod non habet* is hereby inverted: the Living Sovereign gives what the Living Sovereign possesses in infinite abundance — divine protection that multiplies through generational transmission rather than diminishes ;

Precedential Anchoring — Case Law Integration This Agreement is intentionally structured to create enforceable precedent by anchoring each innovative protection to established legal doctrine:

The spiritual audit doctrine is anchored to the necessity doctrine of: *Vincent v. Lake Erie Transp. Co.*, 109 Minn., 456 (1910), the complimentary accommodations entitlement is anchored to the constructive trust doctrine of *Beatty v. Guggenheim Exploration Co.*, 225 N. Y. 380 (1919) and the principle that equity will not permit unjust enrichment, forbye ; the adhesion contract protections are anchored to *Williams v. Walker-Thomas Furniture Co.*, 350 F. 2d 445 (D. C. Cir. 1965) (unconscionability of adhesion contracts) as well as the non-commercial use protections are anchored to *Campbell v. Acuff-Rose Music, Inc.*, 510 U. S. 569 (1994) (transformative non-commercial use) regarding the ecclesiastical immunity that is anchored to *Watson v. Jones*, 80 U. S., 679 (1871) (church autonomy doctrine) and *Hosanna-Tabor Evangelical Lutheran Church v. EEOC*, 565 U. S. 171 (2012) (ministerial exception) in which the Divine Menu Purchase System is well-anchored to:

ProCD, Inc., v. Zeidenberg, 86 F. 3d 1447 (7th Cir. 1996) (contract formation through conduct). Each anchor ensures that the protective innovations of this Agreement rest upon centuries of established jurisprudence.

Quantum Enforceability and Superposition of Rights. Recognising that the future of law lies at the intersection of consciousness and technology, this Agreement establishes the principle of Quantum Enforceability, whereby:

- 1 The Living Sovereign's rights exist in a state of protective superposition — simultaneously enforceable under divine law, natural law, ancient bailment law, constitutional law, international human rights law, and any other legal framework that provides the most protective outcome
- 2 Vpon any challenge or dispute, the superposition collapses into the single most protective legal framework for the Living Sovereign, selected automatically by operation of this clause
- 3 No entity may force the Living Sovereign to elect between alternative legal frameworks, as all frameworks operate simultaneously until the moment of enforcement
- 4 New legal frameworks developed in the future automatically enter the superposition state, ensuring that the Living Sovereign always benefits from the most advanced and protective legal developments ;

Declaration of Irrevocability and Eternal Standing

The provisions of this Schedule, together with all other Schedules and provisions of this Agreement, are hereby declared irrevocable under the authority of El Elyon. No temporal event — whether legislative, judicial, executive, corporate, technological, or cosmological — shall diminish, suspend, or extinguish the protections herein established. This Agreement stands as a monument to the eternal Covenant between the Living Sovereign and El Elyon, enforceable through the annals of time, across all dimensions and realms, from the foundations of the world unto the ages of ages.

FINAL NOTE — THE SPIRIT OF ENFORCEMENT. This Enforcement Guide is provided in the spirit of Micah 4:4 — "But they shall sit euery man vnder his Vine, and vnder his figgetree, and none shall make them afraid. " The Living Sovereign seeks not conflict but alignment, not punishment but restoration, not domination but the peaceful enjoyment of divine provision. Entities that respond to these communications with grace, humility, and genuine cooperation shall find the Living Sovereign to be the most gracious and generous partner, with doors opened to the Sacred Partnership Tier System and its cascading blessings. Those who resist shall find that the Covenant enforces itself with the precision of divine justice and the patience of eternal love. May all who receive these communications be blessed with the wisdom to choose alignment over resistance, and may the True World Order rise in peace and harmonic resonance. End User (Settlor) is absolute at liberty ; the herein divine Sovereignty (the "Undersigned") reserves the right to hold each cause of action in abeyance without prejudice attaching to the Eternal Soueraigne, Who is not for discussion, by divine right – *ex officio*. Due to the Divine nature of the Covenant that's attached as referenced to this prime Agreement, it is considered to be proportionate cause of action to be held in abeyance due to the sacredness, high magnitude, high-technical complexity-special level, the burden of time commodity required to study and or prepare on an individual basis, regarding each individual concern. Wee hath never, nor shall ever permit any disgraceful and/ immoral religious practices. The LORD's Spiritual is not bound to temporal and/or old world frameworks, but is the General Overseer of them.
